## About Expo

The **Bharat Solar & EV Expo** is Central India's premier B2B and B2C platform dedicated to the future of renewable energy and electric mobility. Now in its 3rd successful edition, the expo has established itself as a vital ecosystem for industry leaders, manufacturers, and eco-conscious consumers to connect and collaborate.

Following two high-impact years of driving green innovation in Bhopal, this edition scales up to bring the latest advancements in Solar PV technology and EV infrastructure under one roof. Our mission remains to accelerate the transition to sustainable energy by bridging the gap between cutting-edge technology and real-world adoption.

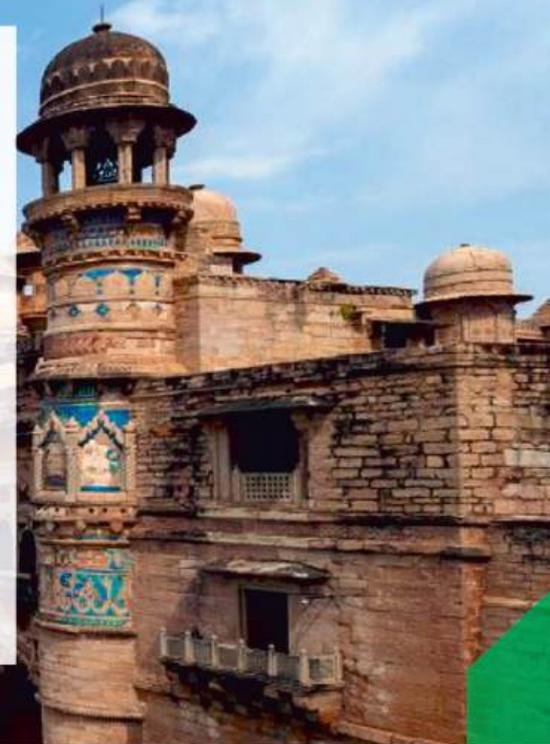

## Why we Lead?

- **3rd Successful Year:** Building on a proven track record of successful exhibitions and high visitor engagement.
- **Central India's Hub:** The definitive meeting point for stakeholders in the heart of Madhya Pradesh.
- **Integrated Ecosystem:** A comprehensive showcase featuring everything from residential solar solutions to industrial EV charging networks.
- **Business Growth:** A dedicated platform for networking, live demonstrations, and strategic partnerships.

## Why Madhya Pradesh?

Madhya Pradesh, the "Heart of India," has rapidly transformed into the nation's powerhouse for renewable energy and sustainable innovation. Blessed with over 300 days of abundant sunshine and a strategic central location, the state offers an unparalleled landscape for solar harvesting and EV adoption. M.P. is not just participating in the green revolution; it is leading it—home to the iconic Rewa Ultra Mega Solar Park and Sanchi, India's first Solar City. With a bold vision to achieve 15,000 MW of renewable capacity by 2026, the state government has created one of India's most investor-friendly environments. From 100% electricity duty exemptions to robust capital subsidies for EV manufacturing and charging infrastructure, Madhya Pradesh provides the perfect synergy of natural resources and proactive policy. For businesses and consumers alike, M.P. represents the most fertile ground to innovate, invest, and lead the transition toward a net-zero future.

## EXHIBITORS PROFILE

- PV Modules
- Inverters
- Mounting Structures
- Monitoring System
- Trackers
- Building Integrated Solution
- Solar PV Sub Components
- Energy Storage Systems
- Cables, Chargers
- Connectors
- Junction Boxes
- Installation Aids
- Off Grid Solar Products
- Solar Water Pumps
- Solar Lanterns
- Solar Streetlights
- Off Grid Solar system
- Commercial Lighting
- LED Signs, & Displays
- New Products & Technologies in LED'S
- Batteries
- UPS
- Photovoltaic (PV) modules, hybrid systems, materials & equipments
- Solar cells manufacturers
- Software solutions & providers
- Solar Water Heater
- Solar Glass
- Solar Concentrators
- Coatings. Collectors, Fittings, Expansion Tanks etc.
- Pool Absorbers
- Storage Tanks
- Heat Transfer Fluid
- Electric Car
- Electric Scooter
- Electric Motorcycle
- Electric Cycle
- Electric Bus
- Electric Truck
- Electric Rickshaw
- Electric Tricycles
- Electric Golf Cart
- Electric Train
- E-Tractor
- E-Boat
- Cargo Loader Electric Vehicle
- Electric Charging Station & Equipment
- Electric Vehicle Batteries
- Manufacturers
- EV Auto Components
- Battery Storage Management
- Battery Management System
- ESS Technology
- IOT Devices
- Tyre Manufacturers
- Electric Components
- Renewable Companies
- Chemical
- Surface Coating
- Powertrain & BLDC Motors
- Raw Materials
- Software & Technology
- Laboratory & Testing Equipments
- Banks & Financial Institutions
- Insurance Companies
- Research Institutions

## VISITORS PROFILE

- Electric Vehicle Manufacturers
- Dealers and Distributors
- Direct Buyers & General Public
- Supply Chain Organizations
- Builders & Developers
- Pollution Control Boards
- Environment Consultants
- Education & Research Institutes
- Exporters & Importers
- Retailers & Suppliers
- Municipalities & Development Authorities
- Ministries & Government Officers
- Government Policy Makers & Urban Planners
- Corporate House
- Environment Monitoring Authorities
- Hospitals. Hotels & Malis
- School, College, Universities
- Environmentalists
- State Environment & Transport Department
- Architects
- Associations and Industry leaders
- Building Owners
- Consultants
- Construction & Rigging Companies
- Component Manufacturers
- Contractors
- Entrepreneurs
- PSU
